MUTUAL LIFE ON THE RACK

HIGH HANDED USE OF MONEY SHOWN

Witness Testifies to Receiving Funds for Campaign Uses—McCurdy's Son Comes In for a Handsome Slice

New York, Oct. 5.—W. F. Thumel, legal counsel for the Mutual Life Insurance company of New York, testified before the investigating committee today that he had received \$2,500 from Vice President Banniss in 1894, who ordered it paid to the chairman of the Republican congressional committee. Thumel said the contribution had been suggested by "danger of a Democratic house that would result in tariff and other legislation of such character as would upset the business and affect the policy holders." Other companies Thumel said had been asked to contribute, but he did not know whether they did or not.

Payments amounting to \$1,000,267 in commissions were made to Robert H. McCurdy, son of President McCurdy of the Mutual Life Insurance company, by that company during the years of 1893 to 1906. McCurdy, as superintendent of the company's foreign department, received the commission on all foreign business. His rate of commission was reduced several times at his request, but despite the reduced rate his compensation grew until it amounted to \$30,163 for the year 1906 alone.

PLANS OF JEROME.
New York, Oct. 5.—District Attorney Jerome announced in a statement to Justice Davy in the supreme court today that he intended after the legislative committee had completed its report to present to an extraordinary grand jury the allegations affecting the conduct of the life insurance business which has been made before the committee. Jerome said the inquiry by this committee had shown greater moral obliquity and moral obtuseness on the part of persons prominent in the business world than did the "shocking revelations in regard to the Equitable."

STUDENTS ON A STRIKE

Sloux, Iowa, Oct. 5.—Because George Miller, captain of the football team, and Ralph Helman, manager of athletics, and two other students were expelled from the Morning Side college today for hazing, the freshmen of the entire football team are on strike and 500 students are in a state of mutiny. Upper class men took a freshman on a watermelon hunt and other students hidden in the woods shot blank cartridges. One of the upper class men pretended to fall dead and the freshman was hauled to the police station and charged by upper class men with murder. He was almost crazed with fright.

ARMY OF THE TENNESSEES

Cincinnati, Oct. 5.—The Army of the Tennessee held a social session to night. Addresses were made by General Dodge, Brigadier General Fred S. Grant, Woodson S. Marshall and others. It was officially announced to night that next annual session will be held at Council Bluffs.

DEATHS

Binghampton, N. Y., Oct. 5.—Louis Carmichael, the man that history gives the credit for the nomination of Horace Greeley for president in 1872, was found dead in a barn at Sydney, N. Y., yesterday. He was 83 years old.

CITY OWNERSHIP

Head of Commission Chosen to Investigate Its Workings and Merits.

New York, Oct. 5.—Melville E. Ingalls of Cincinnati, today was chosen to head the commission of the national civic federation, which has undertaken a study of municipal ownership as it appears both in this country and abroad. This commission probably will not take up the European inquiry until next year, confining its work for the present to municipal ownership plants in this country. In addition to Ingalls as president, other officers of the commission chosen to day are: Vice president, John Mitchell, Indianapolis; president of the United Mine Workers, John H. Agar, of New York city; president of the Reform club, secretary, Edward A. Moffatt, of New York city; editor of the Bricklayers and Masons, E. B. Clark, of Cedar Rapids, Iowa; and E. Rose, water of Ohio, are members of the executive committee.

SENDS HIS CHECK

Omaha, Oct. 5.—Chief of Police Donahue today sent a check for \$200 to Butte, Mont., to cover the reward offered for the chief personally for the capture of Pat Crowe. Chief Donahue expressed gratification at Crowe being captured and said extra precautions would be taken to forestall any attempt Crowe might make to escape. He will be brought back handcuffed to two detectives.

GAMBLING STOPPED

Captain Jones Can No Longer Run his Boat on Lake Michigan

Chicago, Oct. 5.—Gambling on Lake Michigan has been stopped temporarily by forfeiture of the sailing license of Captain Jones of the "Floating Pool Room" City of Traverse. Jones was also fined \$600 for violating the government marine law, which he immediately paid. The trouble arose to day when federal officers discovered the boat had been transferred from Jones to Harry Perry of the gambling combination. No record of the transfer was made, as the law provides. If old license and enrollment papers of the boat are not produced by 10 o'clock to morrow it was announced the government revenue cutter will be sent after them and the boat will not be allowed to leave port without a new license and enrollment papers. At the customs office to night it was said a new license will not be issued until a consensual opinion from the government attorney has been received, officials maintaining the owners of the vessel will have to show the government wherein it is compelled to grant it, in view of the business to be conducted on the vessel.

CLAIMS OF DEMOCRATS

Columbus, Oct. 5.—Chairman Garber of the Democratic state committee to day declared the appearance of Secretaries Taft, Shaw and other members of the president's cabinet will not change the policy laid out by the Democrats at the beginning of the campaign to confine discussion from the stump during the campaign to state issues.

SIMPSON MAY RECOVER

Wichita, Kas., Oct. 5.—Physicians attending ex-Congressman Jerry Simpson said to day Simpson had a good chance to get out of bed again and the prospect for temporary recovery are bright.

THE PACKERS' CASE

Will Enter a Plea of Not Guilty and are Willing to Stand Trial

Chicago, Oct. 5.—Packers, whose recent attempt to abate the indictment against them charging conspiracy to monopolize the meat industry of the country, ended in failure, will on Monday next enter a plea of not guilty before Judge Humphrey. To all other counts in the indictment against them demurrers will be filed to morrow morning. The demurrers are general and charge ambiguity, vagueness and uncertainty against seven of the counts and charge that in the two remaining accounts doubt charges are contained. Attorneys for the packers to night announced the men indicted are willing to stand trial on their plea of not guilty of acts in restraint of trade of commerce.

INSTITUTION CLOSED

Moscow, Oct. 5.—The rector of Moscow university has closed the institution because of the recent mass meeting held in its precincts, at which a number of the participants were agitators totally unconnected with the university.

THE STATE W. C. T. U.

Bloomington, Oct. 5.—Over four hundred delegates were present to day when the annual convention of the Illinois Woman's Christian Temperance union was called to order by Miss Carrie C. Brehm. The days program consisted of religious services. The business session will commence to morrow.

BURNED TO DEATH

Waterloo, S. D., Oct. 5.—Mrs. Mary P. Hanson, a widow, and her son, Matthew, were burned to death to day in their home. The origin of the fire is unknown. Before the fire department arrived the house was totally destroyed.

THE VACANCY FILLED

Washington, Oct. 5.—The office of pension agent at Des Moines, Ia., in which a vacancy was occasioned by the recent death of R. P. Clarkson, has been temporarily filled by the appointment of Dr. A. H. Thompson, chief of the financial division of the pension bureau, who will serve only until the selection of an Iowa man can be agreed upon. Thompson left for Des Moines last night and immediately upon his arrival will begin payment of pensions for the last quarter.

ICE SCARCE

LaCrosse, Wis., Oct. 5.—Gustave Eech, secretary of Eech Bros. & Rabe, Chicago ice dealers, was in the city to day and endeavored to buy ice. He said Chicago had a supply that will last no longer than six days. He found an ice famine at Dayton, Dubuque, Clinton, McGregor, Ia., St. Paul, Duluth, Minn., and LaCrosse and Superior, Wis.

LICENSE REVOKED

Chicago, Oct. 5.—The government license of the so-called floating pool room steamer City of Traverse was to day revoked.

STREED'S DEATH EXPLAINED

SOME LIGHT ON A MYSTERIOUS CASE

Attacked in the Night by an Unknown Person and a Duel Ended—Criminal Happenings in General.

Cambridge, Ill., Details of the mysterious death of Attorney John V. Streed are gradually coming to light, which tend to show the lawyer was slain in an impromptu duel fought in the night. Indications are at least two bullets were fired and two persons wounded. That developments point strongly to the murder theory is admitted frankly in official circles.

It seems now pretty well established the attack of Streed was the result of a series of efforts at blackmail among a gang which had been operating here for a long time.

Peoria, Ill., Oct. 5.—N. C. Dougherty, for many years city superintendent of schools, and one of the most prominent educators, is under arrest, following an indictment by the grand jury, charging forgery.

Dougherty was released on \$100 bond. His arrest follows astounding revelations by the grand jury now in session, which had been examining the books of the Peoria school board. Within a comparatively short space the shortage was declared to be \$75,000, but further discovery made show speculations extending over a long term of years. The shortage will reach \$100,000. In order to cause the arrest of Dougherty the grand jury made a partial report this morning.

It is charged the accounts of the school funds which were deposited in the Peoria National bank, of which Dougherty is president, were being manipulated. He has resigned the presidency of the bank and as superintendent of schools.

Dougherty's arrest created a sensation. He has been reputed a wealthy man, owning much real estate, including considerable western land, and is interested in a number of commercial and financial institutions besides the Peoria National bank.

New York, Oct. 5.—Louis Brown, a negro, to day walked into the jewelry store of Cross & Bequell in Maiden Lane, jumped over a railing and picked up a tray containing \$30,000 worth of precious stones. Oscar Winderoff, a clerk, shouted to the negro, who dropped the jewels and started for the door. Winderoff turned him to the street, where the negro chased and stabbed the clerk. The negro was pursued by a crowd for several blocks and captured after a severe struggle. The clerk was not badly hurt.

PLEADS GUILTY

Chicago, Oct. 5.—In the criminal court here to day Gus Bobbs, who absconded with \$12,000 belonging to the firm of Chas. A. Stevens & Bro., entered a plea of guilty and was sentenced to an indefinite term in the penitentiary.

WISCONSIN TRAGEDY

Sparta, Wis., Oct. 5.—A man named Labed came here from LaCrosse and seriously shot his wife, their children and his father-in-law. He went to the home of his father-in-law to persuade his wife to return to LaCrosse with him.

CARRIAGE BUILDERS

Philadelphia, Oct. 5.—Fright rates and labor organizations were discussed to day at the final session of the convention of the Carriage Builders' National association. Officers were elected. Among the vice presidents were Charles C. Hall of Connorsville, Ind., T. W. Seidler of Moline, Ill., and Maurice Connelly of DuBuque, Iowa.

CURE FOR TUBERCULOSIS

Paris, Oct. 5.—Professor Behring, discoverer of the anti-diphtheria serum, announced he has found a cure for tuberculosis, the nature of which he will divulge next August.

Delegates to the tuberculosis congress finally got the professor to decide to make a statement to the congress Saturday relative to the discovery.

MAYOR McLELLAN RENOMINATED

New York, Oct. 5.—Mayor McClellan to night was renominated for mayor by the Democratic city convention, or Tammany organization. The nomination created much enthusiasm and when the mayor appeared before the convention he was given an ovation. He made a brief speech accepting the nomination.

QUARANTINE RESCINDED

Warrensburg, Mo., Oct. 5.—Secretary Adcock of the state board of health issued an order to day that the quarantine instituted in Missouri because of yellow fever in the south is rescinded, effective October 7.

JUMPED UNDER A TRAIN

St. Louis, Oct. 5.—An unidentified man was decapitated in the yards of the Iron Mountain road to day, having jumped under a moving train with suicidal intent. His clothing bore the trade mark of a Flora, Ill., firm.

RAMSEY REMOVED

Displaced From Presidency of Wabash Railroad by Directors.

New York, Oct. 5.—Joseph Ramsey, Jr., was to day removed from the presidency of the Wabash railroad at a special meeting of the board of directors. F. A. Delano was elected his successor. Eight directors, including Ramsey, were present at the meeting.

Ramsey for some time has been engaged in a contest with Gould for the control of the road. Ramsey after the meeting said his removal was entirely illegal, for the reason that the meeting had not been properly called. He made a protest before the board, saying the by laws required thirty days notice for a special meeting of the board and notices for the meeting were mailed only Wednesday night.

His protest was overruled, however, and President Delano took charge of his office at once. Delano said "Ramsey and I have been friends, hitherto, in railroad business," said he, "and I do not want to come into this controversy in any way. As to Ramsey's charge about illegality of the meeting, I can say nothing, I am not a lawyer, but there were several good lawyers on the board at the meeting and I presume they would not attempt anything illegal. It was the general understanding that this was an adjourned meeting."

ROCK RIVER CONFERENCE

Freeport, Ill., Oct. 5.—The Laymen's association of the Rock River conference this afternoon adopted resolutions requesting the conference, make provisions for the support of consecrated deaconesses who by reason of failing health or age are no longer able to attend to their duties.

MISTOOK FOR BURGLAR

A Tragedy in Which Innocent People are Victims—One Will Die.

Vandergriff, Pa., Oct. 5.—The village of Mattor, eight miles from here, was the scene of a tragedy late last night in which two persons were shot, one fatally. While hunting burglars, Jody Remalay, aged 17, was shot in the abdomen by his uncle, Murray Knappenberg, and the boy in frightened agony fired his own revolver, the bullet striking his aunt, Lotie Knappenberg, in the thigh. Remalay received the full charge of the gun shot at close range and lived in terrible agony until this afternoon. Believing that burglars were trying to break into their house young Remalay and his uncle went around the house in different directions. Meeting at the rear of the house, the uncle mistaking his nephew for burglars, fired in falling young Remalay's revolver was discharged, the bullet striking Miss Knappenberg, who at the moment came to the door.

CONDEMNED THEIR GRAND MASTER

New York, Oct. 5.—The Order of Brother Abraham, a fraternal insurance order, with a membership of 50,000, adopted resolutions yesterday condemning the administration of Congressman Henry K. Goldfogle, its grand master. The protest was sent to the legislative committee and to the state insurance department.

RAISIN GROWERS

Fresno, Calif., Oct. 5.—The California Raisin Growers' company has announced the prices it will ask for this year. The prices are higher than ever before, except in 1902, when an extremely high price was caused by disaster to the old association. The company schedule is arranged on what is known as 4% on the sweetbox basis.

RESULTED IN SETTLEMENT

Constantinople, Oct. 5.—The presence of the British cruiser, Fox at Hodeidah, Turkish Arabia, has resulted in a speedy settlement of all British claims in connection with piratical attacks of Arabs on British shawes in the Red Sea.

STEAMER ASHORE

Eureka, Calif., Oct. 5.—The steamer St. Paul, bound from San Francisco to Portland, Ore., went ashore at Punta Gorda, during a fog. She had seventy-five passengers on board, all of whom were safely landed on the beach. The vessel probably will be a total loss.

WILL LOOK INTO THEM

New York, Oct. 5.—In response to a letter of inquiry from a member of the Royal Arcanum Senator Armstrong, chairman of the investigating committee, wrote to day that "we intend to devote some time to fraternal insurance before we finish our labors."

PEACE ENVOYS ARRIVE IN TOKIO

Tokio, Oct. 5.—M. Yamaza and H. Donson, members of the peace mission, bringing the peace treaty signed at Portsmouth, arrived here this evening. But few people were to meet them at the railroad station, owing to strict examination made of all persons by military and police who guarded the station.

DISHONESTY IN HIGH PLACES

VIEWS OF A NEW YORK FINANCIER

Addresses the Maryland Bankers' Association—Declares the Future of the Country is Menaced by Graft and Grifters.

Annapolis, Md., Oct. 5.—Dishonesty in high places in state, judiciary and great financial institutions and corporations and pillage of such acts by the masses greatly threaten the future of the country, according to the views expressed to day by J. Edward Simmons, president of the Fourth National bank of New York, in an address before the Maryland Bankers' association. He pointed to the lessons taught by the fall of the ancient Roman republic, the reign of terror in France and the disasters which befall Russian arms in the recent conflict in the far east, all of which he said were due to palliated dishonesty. He deplored the conditions which have led men to tolerate the term "graft" and "grifters" and said he feared the very use of the words was an indication of men's tolerance of a thief and his trade. He called upon members of the association to give their assistance to remedying the condition which makes it possible for men "who pose as the salt of the earth and who condemn without reserve those men who steal \$50,000 or forge a check for \$100,000 or accept a bribe, to themselves, make millions by lying or misrepresentation by fraud and by bribery," without receiving punishment or even criticism, while the man who steals a paltry sum is sent to jail. He denounced the man of stainless life, who in the interest of corporations, trusts, railroads and insurance companies have recourse to every villainy damned in the decalogue; who does the deed of a highwayman with the air of a saint.

MYSTERIOUS POISONING

Chicago, Oct. 5.—Dr. Oliver B. Hart, a physician residing in the suburb of Evanston, is unconscious and his ward, Irene Klockow, 10 years of age, dead as a result of a mysterious case of poisoning, which took place in the home of Dr. Hart, when no person was present, save himself and the young girl. Both the physician and the girl had evidently taken morphine pills.

THE FEVER

Natchez, Miss., Oct. 5.—Six new cases of fever this evening.

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

MARRIED AGAIN

Berlin, Oct. 5.—A dispatch from Munich to day announced the divorced Grand Duchess Victoria of Hesse and Grand Duke Cyril of Russia were married there several days ago.

KNIGHTS OF COLUMBUS

Jacksonville Council, No. 888, Knights of Columbus, last night, in their council chambers, gave the first of a series of bi-weekly social entertainments to be given during the fall and winter. A large number of the local members, with visitors from other councils, and their ladies enjoyed themselves until a late hour with progressive euchre. The following were prize winners: Miss Rose Devlin, first ladies' prize; Miss Crose, second ladies' prize; James Maxner, first gentlemen's prize; Peter Stoffel, second gentlemen's prize.

During the evening an excellent musical program was given by Miss Margaret Irvine of Vicksburg, Miss., C. A. Bergschneider and Miss Marguerite Graubner. The next entertainment will be a lecture Oct. 19, for the members of the order, by Rev. State Chaplain of the Order D. J. Henley, of Effingham.

GAVE RECEPTION

Mr. and Mrs. William White gave a reception at the residence of Mr. and Mrs. A. B. Strong Thursday evening in honor of Miss Flossie Oliver, of Girardville, Mo. A number of friends were present and all had an enjoyable time. After an elegant supper music furnished by Messrs. White and Seale was enjoyed.

SPENT MORE THAN \$1,000

W. W. Baker, of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and thanks to this great remedy it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. For sale by J. A. Obermeyer, City Drug Store.

ADVANCED OIL PRICES

Pittsburg, Oct. 4.—The Standard Oil company to day advanced the price of Pennsylvania and Tiona oil 5c; other grades unchanged.

HELPED THEM ESCAPE

LaCrosse Jailer Gets a Term in the House of Correction for Grafting

LaCrosse, Wis., Oct. 5.—J. M. Childers, jailer of the LaCrosse county jail, convicted Saturday of assisting in the escape of Earl Trainor and Andrew Cunningham, two members of the Fay gang of alleged postoffice robbers, was sentenced to fifteen months in the house of correction to day. The evidence showed that Childers received \$300 for the release of the two.

AFRAID OF MOB

Fort Scott, Kas., Oct. 5.—Mrs. Dollo Riggin, daughter Charles, and husband, Geo. Riggin, held by the coroner for the death of Uiggins' son by a former wife, were taken to Girard last night for safe keeping, a mob having stormed the jail.

London, Oct. 5.—The race for the Jockey club stakes, \$50,000, for three year olds and upwards, mile and three-quarters, at New Market, were won by St. Amant, Polyemus second, Mondamin third. Six horses started.

SWITCHMEN MAY STRIKE

Chicago, Oct. 5.—Eighty per cent of the switchmen employed by the Grand Trunk route between Chicago and the Canadian border may be called out within twenty-four hours. Grand master Hawley of the Switchmen's Union of America, who came to Chicago yesterday in the hope of negotiating with the heads of the road for a settlement of the strike at the Elgin yards failed and made the foregoing statement to day.

FAVORS GREAT BRITAIN

Strong Opposition to the Cuban Treaty Now Pending Ratification.

Havana, Oct. 5.—Owing to the development of strong opposition to the Cuban treaty of commerce and navigation between Cuba and Great Britain, ratification of which is pending in the senate, the senate committee on foreign relations to day authorized publication to morrow afternoon of the text of the treaty in order that its publication may be understood by the public. The Associated Press to night acquired an authentic copy of the treaty, examination of which reveals various reasons for strong opposition to it interpreted by the United States, one of the principal of which is the fact that throughout the document Great Britain receives most favored nation treatment in every respect, except in the matter of import duties. The latter, owing to the reciprocity treaty between the United States and Cuba, is expressly excepted, but Great Britain, by terms of the treaty, is to be included in any favors other than tariff provisions which Cuba might hereafter concede to the United States. The clause permitting British warships and British merchant vessels to refuel in Cuban ports in event of accident or stress of weather includes resupplying of vessels with war munitions.

Secretary of State Felt was asked by the Associated Press to explain the latter provision and he replied it would only in time of peace, since international law would not permit refueling and supplying of vessels in neutral ports, notwithstanding the existence of treaties. He added that precisely similar conditions were written in treaties between the United States, Spain, Russia and Belgium. Some senators are strongly in favor of ratifying the treaty as means of showing Cuban independence of the United States, but it is believed strong opposition of President Roosevelt, combined with that of the Spanish commercial element, will prevent ratification.

THROUGH WITH DECATUR

Bloomington, Pa., Oct. 5.—A meeting of the centur baseball association directors will be held Friday night to wind up the season's business, hear reports and perhaps take some action on matters ahead. Manager McFarland's request that he be granted his release will be considered and doubtless it will be given without reservation, as the Decatur management seems to put nothing in the way of Mack bottling himself elsewhere. McFarland stated that it was the agreement that, while he signed a regular contract with reserve clause, he should have his release when he wanted it. He has asked and stated positively that he will not be with the Decatur club another year. "I do not know what offer I shall accept yet," said Mack, "but this is sure," I have played my last ball for Decatur."

SPRINGFIELD RACES

Springfield, Oct. 5.—The feature event of the state fair races to day was the 2:15 trot in two divisions. 2:16 trot—The Token won in straight heats. Best time, 2:12 1/4. Best time, 2:13 1/4.

LEGISLATION FOR RATES

ANOTHER CONFERENCE ON THE SUBJECT

Townsend, One of the Authors of the Bill, Sees the President—What is Proposed in the Interest of Commerce

Washington, Oct. 5.—Railroad rate legislation was the topic of a long conference to day between the president and Representative Townsend, one of the authors of the Eech-Townsend bill, which was passed last winter by the house. At the conclusion of the conference Townsend said it was his purpose to have his bill in readiness for introduction in the house as soon as congress convened. He feels certain that the president will approve it. "After making it perfectly clear provisions of the measure apply to private cars, refrigerator cars and terminal charges," said Townsend, "it will be my purpose, through the measure, to confer upon the interstate commerce committee how to make its findings effective within a reasonable time after they are announced. Efforts have been made to create the impression it is the purpose of this legislation to give the interstate commerce commission authority to fix the rates of a railroad. This is not true. It is intended only that the commission, if complaint shall be made to it, that any particular rate is unjust, shall have power, after due investigation, to substitute a reasonable rate in case the complaint shall have been shown well founded. I am very confident the new bill will pass the senate."

LEXINGTON RACES

Lexington, Ky., Oct. 5.—One of the largest crowds that ever attended the trotting races here saw Ethel Pride, favorite, win the classic Transylvania stake, in straight heats to day. It was the seventeenth renewal of this race. There were nine starters and Ethel Pride sold favorite, with Turkey second choice. Bonafide had no trouble in winning the three year old pacing futurity. At no time in any heat was the race in doubt. Van Patch, the world's champion pacer, equaled his record of 1:56 to day and also broke the track record for the fastest mile ever trotted or paced over it. He was driven by H. C. Kearny and his fractional time was 2:01, 58.8, 1:27 1/2, 1:56.

Tracing futurity, three year olds, \$2,000, best three in five:
Bonafide 1 1 1
Miss Adell 2 2 2
Jojo M 3 3 3
Best time—2:00 1/4.

CITY COUNCIL**ANOTHER BURLINGTON
FRANCHISE ORDINANCE
PASSED THURSDAY NIGHT****Dam at Nichols Park Discussed
—Badly in Need of Repair—
Alderman Capps Asks to Have
Investigation Regarding "Ug-
ly Rumors."—Other Business
Transacted.**

The city council met in regular session Thursday evening and several matters of considerable importance were brought up and were discussed at length. The session was a business one from start to finish and little useless talk was indulged in.

The city clerk stated that the new street signs had arrived and the highway committee was empowered to make arrangements for posts, etc., for properly placing them.

S. W. Nichols, chairman of the park board, was before the council to ask that the city take some action in regard to the dam at Nichols park. The matter, after a thorough discussion, was referred to the water committee, the city engineer, the water superintendent and the whole council to investigate and act at a special meeting to be called in the near future.

Mr. Leach, who owns the "bad order" cars at Portuguese hill, was before the council asking that he be not charged the house movers' fee for moving the cars on the city streets. The matter was referred to the highway committee.

Ald. Capps brought up the matter of the Burlington franchise. The mayor read his veto of the same, and a new ordinance was passed, in the same terms as the old one, with the exception that the section requiring the putting on of two additional passenger trains daily was changed to read "adequate passenger service between Beards town and Litchfield," and the time for the completion of the work was set at two years. The ordinance carried the emergency clause and was passed, all aldermen present, except Alderman McGinnis, voting aye.

Something of a sensation was created just previous to adjournment by the motion of Ald. Capps that a committee of three be appointed by the mayor and be given the power to summon witnesses, to investigate "certain ugly stories which are being circulated, and which reflect upon the honor and integrity of the council." The matter referred to, said Mr. Capps, was in connection with the Burlington franchise. It was ordered that Mr. Capps reduce his information to writing, and that a committee then be appointed to investigate the same.

THE PROCEEDINGS.

The city council met in regular session, Mayor Davis presiding, S. B. Stewart clerk, and all aldermen present except Capps and Hairgrove.

The minutes of the last regular and special meetings were approved as read.

A petition from William Farrington for permission to lay a concrete walk in front of his property on South Prairie street, with customary rebate, was read and granted.

The clerk stated that the contractor for the street signs had notified him of arrival of the signs, and suggested that some preparation be made

for placing them. Referred to the highway committee with power to act. The chairman of the Nichols park commission was present and was granted by the mayor the courtesy of the floor and said substantially to the members:

"Mr. Mayor and Gentlemen of the Council: I appear before you tonight on behalf of the Nichols park commission. The original sum at the disposal of the park was \$10,000, and out of that came the purchase money for the Opperman property, \$5,500. This expenditure was simply indispensable as the land and buildings were a necessity. Next, the commission felt that the most urgent need of the park was a suitable pavilion and it was decided that if a structure was to be erected it should be done in a proper manner, large enough to meet the wants of the people and built in the best way possible. I do not think any person will say that the action in this respect was unwise. That took all the money available last year and lapped over into this one to a considerable extent. The body next felt that if we were to have a park at all it would be necessary to have the walks and roadways laid out and prepared in some sort of a manner to be used. For some time the effort was made to get the work done by local talent and, failing in that, it became necessary to have it done, if at all, by others. Had the commission been able to get the work done to get it done was made a great effort to get it done was made, trees would have been the next matter of importance; but they could not wisely be planted until it was known where they would best go so as not to interfere with the roads and walks. Now that the latter have been laid out on the north side of the lake the next matter of imperative importance will be trees, and it is the intention to set out all that can be placed and secured this fall that they may be growing. This will absorb pretty much every dollar the commission will have except a small sum which they hope to save for the purpose of preparing the south lagoon for a swimming place, which all will certainly agree is a matter urgently needed. Every dollar that has been expended by the commission has been put to what seemed a good use. The reports have been made and everything is done open to the closest scrutiny of this honorable body and all taxpayers.

"Another pressing matter is the condition of the dam which holds the waters of the lake. You gentlemen know the condition in which it is and the importance of having it repaired. It has been leaking a good while and the fear is that unless repaired at an early date it will give way and there will be no lake there, which would be a serious calamity. The commission appeals to the city to take this work in charge, because there is absolutely no money available in the treasury of the park board, and the work is imperatively needed.

"Again, while we hope within a few months to have an abundant supply of perfect water from the bottom adjacent to the Illinois river, we know that delays and accidents are unavoidable. The work is promised by or before next summer, but it may not be possible to get it through. If completed it is always possible to have breaks and accidents and it is certainly incumbent upon the council to provide some supply of water in case of emergency, so that the park board feels justified in asking this honorable body to take action regarding this work and see that it is done. The board makes no demands, but respectfully requests you to give this immediate attention. The water is now low down and the work can be

done at less expense than when the lake is full. The park board would at least like to see the council to take steps to have the matter investigated by a competent person or persons and the best method of fixing the dam suggested. There is no thought of dictation; but an earnest desire to see the work so needed soon undertaken. The park is used to a far greater extent than even its friends had supposed it would be used. Parties of all descriptions go out there at all times when the weather is favorable. Just previous to dedication day last year the board desired the Alton road to run a train to and from the park, but hardly dared to guarantee 500 passengers. The train was announced the afternoon before and carried 2,040 people. Labor day the road carried 4,500 passengers. Now that we have a street car line it is all the more available. It is a good advertisement to the city also. A short time since a gentleman said he was on an Alton train and heard twenty people remark what a fine park that was for a city the size of Jacksonville.

"In view of all these facts the board feels that the council will have the approval of nearly all citizens and friends of the city if the work asked for is done by your honorable body."

Mr. Davis—"If we are ever going to fix that dam, we will never find a better time than right now while the water is low. The only question is to get the money. The city at this time is hard up, just as well as the park commission. We have spent already this year \$1,000 on the park, but this dam I consider to be an emergency. I feel that something ought to be done now."

Ald. Cobb—"We will all agree that the dam ought to be repaired and the only question is as to who should stand the expense. I believe that the city should at this time repair it."

Ald. Cobb moved the matter be referred to the water committee, water superintendent and the city engineer with power to act.

Ald. Kennedy asked if the park board had made any report, or if any were required.

Mr. Nichols—"A report is required and has been made."

Ald. Kennedy—"I believe the dam ought to be fixed at once. My idea is to use the piling and cement. It ought to be done for \$500."

Ald. Govein agreed with Ald. Kennedy, but thought \$500 would not do it. "Five hundred dollars would not drive the piling and put the boards in. It wouldn't stop one leak. Before we go into this I want the city engineer to make an estimate on the work."

Ald. Hildreth thought the matter ought to be attended to, and attended to quick.

Ald. Hildreth made an amendment to Ald. Cobb's motion that a competent person be employed to make an estimate of the work.

Ald. Babb thought that the council ought to advertise for bids.

Ald. Kendrick thought that would take too long.

Mayor Davis agreed with Ald. Babb that the cost should be ascertained first.

Ald. Babb thought that the contractors could furnish estimates better than an engineer.

Ald. Johnson thought that something should be done quick.

Ald. Cobb stated that his motion was made with the idea of expediting matters.

Ald. Govein thought that the committee should not be given power to get. He offered as an amendment that the matter be referred to the committee to report back to the council

at a special meeting to be held soon. Ald. Kennedy offered an amendment to the amendment that the mayor and city council also go out. Motion and all amendments carried.

Mr. Hubbard spoke in regard to a communication he had made to the council at a former meeting, which had been referred to the building committee. He wanted to know what had become of it. (The communication asked the privilege of putting up a booth under Seligman's stairway on West Court street for the purpose of conducting a hamburger stand.)

Ald. Govein stated for the committee that they thought the stand would be too near the square, and further that Mr. Seligman had no right to collect rent for a booth on city property. Therefore, the report of the committee was unfavorable.

The report was adopted as the report of the building committee.

The clerk then read the claims.

Ald. Kennedy asked about a bill for Worthington & Reeve for \$22.50.

HOW: The "ways and means" is a vital question. The installment plan is a very practical solution for people with limited income. It makes possible the purchase of even a very high grade piano to those who could not otherwise consider it. To retain with privilege of applying is still easier when the necessary income is not yet in sight.

WHAT: The Lowest possible PRICE necessarily means the least in QUALITY where ever you buy. A price below cost of production being considered impossible in a commercial sense. As the price increases the quality should always be in proportion.

AN ORPHANS' HOME.

An article in the St. Louis Republic says:

"The National Benevolent association of the Christian church yesterday purchased 17.27 acres of land on the St. Charles Rock road at Wheaton and will shortly begin the erection of one of the largest orphan's asylums in the United States. The cost of the institution may total \$200,000.

"Plans for the building have not yet been completed, but the architects say it will be one of the handsomest buildings of its kind in America. The site is ideal, as it is one of the highest points in St. Louis county, and is located between the tracks of the Midland and the St. Louis, St. Charles & Western Electric Railway companies, being within a three-minute walk from either line.

"It is also about a half mile distant from the German Protestant Orphans' home, which is a commodious structure and houses more than 300 orphans.

"This institution is under the same management as that of the Old People's home of this city. These are the arguments for Christianity that count in unanswerable words.

CITY COUNCIL

(Continued From Second Page)

Ald. Govein and Ald. Johnson stated that the fees were set by the court. It was for legal services in the collection of a water rent bill from the bankrupt estate of J. Cohen. The bill was laid out for investigation. A number of the light bills were laid over on account of their being signed by but one member of the light committee.

Ald. Johnson said he signed the bills on the statement of the superintendent of the light plant.

Ald. Babb, chairman of the light committee, knew nothing about the bills and Ald. Govein, the other member, did not sign them because the chairman had not signed them.

Mayor Davis stated that it was the fault of the committee if they did not know about the bills, as they were in the hands of the city clerk for investigation.

All properly approved bills were ordered paid.

The mayor stated that he had a telephone message from Mr. Leach at Roodhouse, stating that he had intended to be before the council, but had missed his train. The mayor said Mr. Leach, who owns the box cars on "Portuguese Hill," has been moving a number through the city with a traction engine and has been compelled to pay the same fee as a house mover, namely, \$5, which he (Mr. Leach) thought to be exorbitant. Also that it was contrary to the ordinance to use a traction engine on a paved street, and Mr. Leach wished relief from this provision.

On motion it was ordered that all crossings of a paved street be boarded before a traction engine should be run over them.

Ald. Capps took his chair at this juncture.

The mayor appointed John Morrison park commissioner, vice John Reynolds, resigned. Confirmed.

The mayor appointed George P. Davis public inspector and superintendent of weights and measures. Confirmed.

The reports of city officers were received and placed on file.

The city clerk reported on condition of funds up to Oct. 1.

Ald. Cobb moved that the finance committee be instructed to borrow the necessary amounts to pay off the claims. So ordered.

Ald. Capps, for the finance committee, presented a comparative statement of receipts and expenditures for the past few years, and urged caution in making expenditures.

Ald. Kennedy, for the highway committee, called attention to a bad crossing at the corner of Brook street and South Clay avenue, and also suggested that a gate be put in at the northeast corner of the Third ward school grounds. Referred to the highway committee with power to act.

Mr. Leach appeared in the council chamber and was called upon. He stated that he considered the assessment of the license for moving box cars in the city was a hardship which was not put on the enterprise in other and larger cities. "These cars are not houses, which require the removal of wires and do not obstruct the streets. If we can't get out of this, we will go around with them. I do not think we ought to be put in the house movers' class. This would affect especially the C. P. & St. L. railway."

Ald. Kennedy did not think any hardship should be imposed sufficient to drive business from the city. He thought \$5 was a pretty high price to pay for the moving.

Ald. Hildreth thought as long as the local house movers were compelled to pay a fee, outsiders should be compelled to pay the same.

Ald. Johnson was in favor of reconsideration.

Ald. Ticknor was in favor of permitting the moving of cars provided proper trucks were used.

The matter was reconsidered and given to the highway committee with power to act.

Ald. Capps brought up the question of the Burlington ordinance. He inferred from the letter of Mr. Gruber refusing the ordinance, that the road might accept an ordinance requiring the running of the two trains in question for a period of a few years, or until an interurban might be built. He read a communication from Mr. Gruber, and also one from Mr. Dye, in response to a letter from the alderman asking for particulars.

The letter from Mr. Gruber referred Mr. Capps to a statement from George W. Dye, showing that the old J. & St. L. was operated at a great loss. The report, submitted by him of the receipts and expenditures of the line for 1904, the year in which they did the greatest amount of business, was as follows:

Total earnings from all sources.....\$37,141.91
Operating expenses.....404,241.50

Deficit.....\$37,141.91
Not including interest, which, if paid, would amount to \$72,641.91. The letter further showed that the road would have been again in the hands of a receiver in the course of less than three months if the Burlington had not purchased it.

Concluding, Mr. Capps spoke in favor of giving the Burlington an ordinance they could accept.

Ald. Capps moved that the mayor be requested to veto the ordinance as passed.

Ald. Hildreth was in favor of giving the road an ordinance which

would allow them to go on with their proposed work.

Ald. Ticknor agreed with Ald. Capps and Ald. Hildreth. He did not think that the council should hold back.

Ald. Govein did not think the mayor should be told by the council what he should do. "We have no right to take up the ordinance again."

Ald. Kendrick thought it was too late to veto the ordinance.

Ald. Johnson was willing to do what was right. He was glad the council had taken the action they did, but was willing to reconsider if it was possible.

Ald. Capps did not feel that the council would be usurping the mayor's privilege. What he wanted was to get the matter again before the council.

Ald. Ticknor thought the ordinance would have to be taken up as a whole.

Mayor Davis read the statutes on the question. "I feel that this city council acted for the best in asking for these trains, but I would like to see the ordinance desired by the Burlington accepted. Mr. Gruber has talked very fair about this matter. He says that he wants to make the road a good road, and when the traffic will justify it he will put on the trains. The road is offering to do what we are willing to help the Walsh to do. I would suggest that we compromise this question, either by changing the section requiring two additional trains to read 'adequate train service,' or striking out the clause. I will be willing to veto the section or the ordinance, or do anything to get the question before the council again."

Ald. Johnson thought the Burlington had an axe to grind and should give something in return.

Considerable desultory talk on the question was indulged in and Mayor Davis read the following communication vetoing the ordinance:

Jacksonville, Ill., Oct. 5, 1905.
To the Members of the City Council:
Gentlemen—At the last meeting of the city council you passed an ordinance granting to the Chicago, Burlington & Quincy Railroad Co. the right to construct, maintain and operate a railway over and across certain streets and alleys in the city of Jacksonville. This ordinance I return to you with my disapproval or veto, as there is a section in it which requires the Chicago, Burlington & Quincy Railroad Co. to put on two passenger trains daily each way between Jacksonville and Litchfield. This, their general manager informs me, they cannot accept. I therefore veto this ordinance and return it to you gentlemen, and ask that you pass the same less that section. I am, yours very truly,

J. R. Davis, Mayor.

Ald. Capps moved that the same ordinance as changed be adopted.

Ald. Kennedy thought that the road had not tried to give the train service, "but, if it is the wish of the people that the ordinance be passed, I will be perfectly satisfied in voting for this ordinance and getting what service we can."

Ald. Hildreth and Ald. Kendrick agreed.

Ald. McGinnis thought that a section providing for carrying passengers on freight trains should be inserted. "I don't believe we ought to lay down entirely on this proposition."

The clerk read the ordinance as changed.

Ald. Johnson moved the adoption of the emergency clause. Adopted.

Ald. Higgins and McGinnis voting nay.

Ald. Kendrick moved the adoption of the ordinance. Adopted; Ald. McGinnis voting nay.

Ald. Capps brought up the question of "certain ugly rumors which have been circulated affecting the honor and integrity of this council. I do not think that we should pass over this matter, which is said to concern the Burlington question. It is with great reluctance that I bring up this matter. I move that the mayor appoint a committee of three to investigate these rumors, and that the committee be given power to summon witnesses. I feel that this is the proper course."

Seconded by Ald. Cobb.

Ald. Ticknor agreed with Ald. Capps.

Ald. Johnson wanted to know what the matter is that is to be investigated, and desired a statement.

The mayor suggested that the information be filed by Ald. Capps and that the committee then be appointed. The suggestion was concurred in and the motion passed.

Council adjourned.

CHANGED LOCATION.

Rev. and Mrs. Arthur Lander, of Renwick, Iowa, have removed to Eagle Grove, Iowa. Although very pleasantly located as minister of the Baptist church at the former place, Mr. Lander felt that the call to a larger field of usefulness should be accepted, and, despite expressions of sincere regret over the departure of himself and Mrs. Lander, he found it advisable to make the change.

Beautiful necklaces in beads, pearls, gold and silver effects, now on sale at Herman's.

Joseph Henderson, residing northeast of the city, found in his potato field recently one cluster of ten potatoes, all connected.

ORATORS HAVE ARRIVED.

All the contestants for the intercollegiate oratorical prize arrived in the city Thursday. Knox sent six men, Monmouth three, Eureka five, Blackburn one and Wesleyan two, and more are expected to day.

The business meeting of the Oratorical association will be held in Bascher hall this morning at 9 o'clock. The delegates from Illinois college are: W. T. Harmon, Sigma Phi, and P. J. Kennedy, Phi Alpha. According to the system of distributing honors Illinois college will receive the presidency this year.

J. J. Hurie, the Illinois college representative, is an exceptionally good orator. He won the place as representative for his college in the junior oratorical last spring with an oration on "Robert La-Follette." Everything points to first place for Illinois college (this year, and the students are very enthusiastic over the prospects.

Twenty-six men were out for practice and Coach O'Neal sent them through a good stiff workout. It can be plainly seen that there has been great improvement since the game with Wesleyan last Saturday. There is better individual playing, better team work, in short, O'Neal is producing the genuine article of football.

The work yesterday consisted of running down under punts and hard scrimmage work between the varsity and scrub. Dally, the 185-pounder from Des Moines, is working well at tackle and Spruitt is pushing Scott, last year's center, for that position. Only light signal practice will be given this afternoon, so the men will be in the best possible trim to meet David's men from St. Louis university tomorrow.

TUMORS CONQUERED
SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, tumor.

The growth of a tumor is so slow that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse menstruation, accompanied by unusual pain, from the ovaries down the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice free of all charge if you will write her about yourself. Your letter will be seen by women only.

Dear Mrs. Pinkham:—

I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my monthly menstruation stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor on the uterus and would have to undergo an operation.

Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After trying five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my monthly around once more, and I am entirely well. —Fannie D. Fox, 7 Chestnut Street, Bradford, Pa.

WEDDING BELLS

AUTUMN NUPTIAL EVENT TOOK PLACE AT TRINITY CHURCH THURSDAY EVENING

Miss Louise Stryker became the bride of Mr. William Thomas Capps—large assemblage of guests—wedding reception followed ceremony at the church.

An autumn nuptial event of unusual interest in special circles took place Thursday evening when Miss Louise Stryker, daughter of Mr. and Mrs. Henry Stryker, became the bride of Mr. William Thomas Capps. The ceremony was performed at Trinity Episcopal church and the officiating clergyman was the Rev. William Mitchell, rector of the congregation.

The church edifice was most beautifully adorned with floral emblems, a profusion of palms, ferns, potted plants and smilax being used with artistic taste. Two huge pyramid bouquets of white anthurium were used to advantage on each side of the chancel steps leading to the altar and the green and white effect was secured in an unusually original manner.

Preceding the arrival of the bridal party Prof. Franklin L. Stead gave a musical program which was played in a highly finished and skillful manner. The program was as follows:

Nuptial Song Dubois
The wedding Wolstenholme
The Answer Land
Romanza Josef-Low
Reverie Truette
Cantilene Plagier
Bridal Chorus Wagner

From Lohengrin.

Wedding March Mendelssohn

While this program was in progress the guests were seated and in the center section of the church seats were reserved for the members of the families of the bridal party and relatives.

The stately strains of the bridal chorus from Lohengrin announced the arrival of the bridal party who entered the church promptly at 8:30 o'clock and the approach to the altar was by the west aisle.

The ushers led the way and were: Mr. Henry Young, of St. Louis; Mr. Harry E. Briggs of Jacksonville; Mr. Truman A. Young, of St. Louis; and Mr. Albert G. Burr, of Jacksonville.

The bridesmaid Miss Alice Capps, sister of the groom, was the first to enter. She was most becomingly gowned in French organdie, handsomely trimmed in lace. She carried a bouquet of American beauty roses.

The matron of honor, Mrs. Robert C. Taylor, of Virginia, sister of the bride, followed and was attired in a beautiful gown of messaline cloth, trimmed with Carrick-Macross lace and ornamented with pearls. Her flowers were American beauty roses.

The maid of honor was Miss Elizabeth Stryker, sister of the bride, who was attired in an elegant gown of lace with silver trimmings. She carried a huge bouquet of American beauty roses.

The bride entered upon the arm of her father and wore an exquisite robe of princess applique lace, triple flounce over white silk and chiffon, bertha effect. The bridal veil was held in place by a coiffure adorned with orange blossoms, which were worn by the mother of the bride, and she carried a white prayer book.

The groom entered from the east door of the chapel leading to the main auditorium of the church accompanied by his best man, Mr. Charles Hull Ewing, of Chicago, and met the bride-elect at the chancel rail, where the betrothal service took place. The wedding party was arranged on each side of the altar, inside the chancel rail, and passing between them the bride and groom-elect approached the altar rail where the ring ceremony was said and where they received the blessing.

At the conclusion of the eloquent service uttered by Rev. Mr. Mitchell, rector of Trinity parish, the stirring strains of Mendelssohn wedding march pealed forth and the recessional began by the east aisle of the church.

Mr. William A. Bradley of Champaign was master of ceremonies.

An attractive manner and engaging personality characterize this popular autumn bride, whose many accomplishments are well known. Her education was received in this city and at the Mary Burnham school at Mt. Holyoke, Mass., and in addition to her literary training her education has been supplemented by extensive travel in Europe. She is a member of the Trinity Episcopal church and in its auxiliary organizations has ever been active.

The groom is a member of the firm of J. Capps & Sons Milling company. He comes from one of the best-known families in Morgan county and has resided in Jacksonville all his life. He is a graduate of Illinois college, and also of Yale university, being a member of the class of 1893. He has been prominent in the social and business circles of the city and is identified with the Masonic Fraternity and other organizations of prominence.

WEDDING RECEPTION.

Immediately after the ceremony at the church the wedding reception at the Stryker home on West College avenue took place. The guests were received in the east parlor by Mr. and Mrs. Henry Stryker, Mr. and Mrs. Capps and the members of the bridal party. Brilliant lights and a profusion of flowers added to the attractiveness of this elegant west end home, and in the parlor a pink and white effect was admirably secured by the use of bridesmaid carnations and smilax gracefully entwined about the mantle and chandelier. In the library across the spacious hall, where frappe was served, yellow and green was the color scheme, and in conformity to this plan perle roses and ferns were employed. The dining room was in green and white and a huge bouquet of white Lawson carnations was the center piece adornment of the table, while smilax gave the green effect desired.

The wedding gifts were displayed in the south upstairs room and the array of handsome presents bespoke the large number of friends who took occasion to show their esteem in a most substantial manner.

The gifts of the bride to her maids were art nouveau brooches, set with baroque pearls, with pendant. The groomsmen were the recipients of elegant gold stickpins.

Mr. and Mrs. Capps departed for the east Thursday evening and upon their return will be at home to their friends at 222 Park street.

Among the out of town guests present were: Mrs. Edward Johnson of Carrollton, Mrs. Oran Peterson of Carrollton, Dr. M. H. Post of St. Louis, Mr. Charles Hull Ewing of Chicago, Mr. William Bradley of Champaign, Henry M. Young and Truman A. Young of St. Louis.

Regal Lawa, 25c per pound, envelopes, 10c per package. The best made at the price.

Wedding announced.

Invitations have been issued by Mr. and Mrs. J. Harrison Osborne, of 1135 West State street, for the wedding of their daughter, Miss Reon E. B. Osborne, to Mr. Frank Ramsey Elliott, of Chicago, which will take place Saturday evening, Oct. 21, at half after eight o'clock at Westminster Presbyterian church. A wedding reception at the Osborne home will follow the ceremony at the church.

Springfield, Greenville and Virden coal. Walton & Co.

Jeffries' Concert band has closed their three days' engagement at the state fair, and returned home Thursday evening.

THE SENATORSHIP

FROM CHICAGO TRIBUNE.

Springfield, Ill., Oct. 5.—After a night conference between Senator Cullom and Lieut. Gov. Lawrence Y. Sherman the announcement was made that Sherman has joined the federal wing of the party.

The position in the interstate commerce commission which Hamilton declined has been offered to Sherman, in so far as Senator Cullom has been able to offer it. Sherman's closest friends admit that deal has been made by the lieutenant governor and the federal organization. Senators Cullom and Hopkins and Speaker Cannon are to secure from President Roosevelt the appointment of Sherman. The lieutenant governor has agreed to accept and thus withdraw from all opposition to Cullom's re-election.

The announcement lacks Sherman's endorsement, but it has that of the men who stand closest to him politically and is accepted as a fact.

Hamilton has also been offered every inducement at the command of Cullom, Hopkins and Cannon to secure his withdrawal from the race. Nothing has been offered which Mr. Hamilton would accept, and his position to night is the same.

An extraordinary shifting of positions results from the bump which lands Sherman with Cullom, and still more extraordinary results will follow any change in Hamilton's attitude.

YATES MEN SAY THEY ARE GLAD.

The Yates men assert that they are sincerely glad of Sherman's switch from the state organization to the federal, qualifying the statement by saying "if it be true." If Hamilton should follow Sherman, they admit there would be less reason to be joyous. The more conservative have figured the situation out by legislative districts and admit that it would be next to impossible to defeat Cullom if both the Hamilton and the Sherman counties went to the federal organization.

They are endeavoring to night to find out where they stand and what part if any Gov. Deneen had in the affair.

The Cullom people confidently say that the bottom has dropped out of the opposition to the senator, and that there will be no candidates against him.

Sherman's friends add variety to this by declaring they have not deserted the state organization, but merely have saved it from the embarrassing necessity of entering the senatorial fight at all. Yates, they say, if he should decide to be a candidate, will soon realize the futility of his efforts. They assert that Hamilton is in the federal deal, although he has not accepted an appointment, and that his strength will go to Cullom. They intimate that the conditions of the deal were known to the governor, and that he approved them. This is the point on which the Yates men are hunting information.

HAMILTON ENTERS STRONG DENIAL.

To all parts of these reports which declare him in the deal, Mr. Hamilton offered categorical and positive denial to night. He declared that he had not been present at a Cullom conference, but talked to Sherman and to Gov. Deneen.

Sherman started the day by saying the railroad question was one of the big question of public policy to be settled in this generation and by speaking enthusiastically of the opportunity which a member of the interstate commerce commission would have to settle it. Then he and Hamilton set out to visit Gov. Deneen, but found a crowded anteroom and gave up the attempt. Sherman immediately was taken in tow by Frank O. Lowden and United States Marshal Charles P. Hitch. The night before he had a long talk with Marshal Ames.

All during the fair the Yates men have been suspicious of him because of the frequency with which he has been seen in the company of the Cullom people.

WHERE SHERMAN WAS WON OVER.

Late in the afternoon Cullom, Hopkins, Hitch and Lowden were with Sherman and Senator Berry in Cullom's room. Berry is the closest political adviser Sherman has and is as influential in the Fourteenth Congressional district as is the lieutenant governor. Before this conference broke up Berry went in search of Hamilton and the two disappeared together.

At 7 o'clock Speaker Cannon arrived and Marshal Hitch set about getting him into the conference. Before he succeeded Cannon ate his dinner and shook hands with a lobby full of politicians. Before Hitch got him away he found opportunity to say that he came to Springfield merely to "see the hogs and the farm machinery." Hitch got him away and into the conference at 8 o'clock. Sherman left to attend a meeting of the commission to select a site for the new supreme court building of which Gov. Deneen is also a member. About an hour afterward Berry and Hamilton reappeared and the report was started that the federal deal had been made.

TRUE, BUT MAY BE DENIED.

"Any one can draw his conclusions," said one of the men who were in the conference. "Sherman probably will not admit that he will take the appointment, but, nevertheless, a statement that he has agreed to take it will not be untrue. It is apparent that a benefit has been conferred on Gov. Deneen. Mr. Hamilton, while he does not take a federal appointment, has reached an agreement with Senator Cullom. There does not seem to be any other candidate against him but Yates. Yates has done nothing. For six months with the state patronage at his disposal, he has not lifted a hand for himself. It is too late for him now and he will have no one to himself to blame. He cannot blame Governor Deneen. The governor allowed him to retain his officeholders, and Yates has made no use of the organization. If Yates starts now he will be too late."

second, \$2. Sweepstakes, riding bridle by

H. C. Worcester.

Y. M. C. A. NOTES.

Basketball and indoor baseball are

all the go in the "gym" now. The

chances are that there will be sev-

eral teams competing for the first

place. The first match game of the

season will be played Friday evening

and as many men as can find a place

in the gallery are invited. The gal-

lery is always open to men who are

interested in these sports.

Boys are allowed in the building

from 4 to 6 in the afternoon only

and parents are asked to co-operate

with the secretary in enforcing this

rule. If a boy is out evenings and

says he is at the Y. M. C. A. parents

should investigate for they are not

allowed there.

Enrollment in the night school is

steadily increasing and it is expected

that the increase will necessitate

another teacher. Any young man

is welcome to the work of this school.

When a person visits the institutions

for the blind and for the deaf and

dumb he sees what those people are

accomplishing in spite of an awful

handicap, it seems that there is no ex-

cuse whatever for a sound young man

who wastes his time and opportuni-

ties. Study one winter in this school

and an increase in salary is sure. Try

it.

Several boys, who are not mem-

bers, have telephoned about the hare

and hound chase Saturday morning.

The chase will start at 9 o'clock from

the building and all boys are invited

to participate. Dinner will be served

in the woods.

Mr. S. W. Nichols, the children's

friend, will speak to boys Sunday

afternoon at 3 o'clock. Evangelist

Olemlager will address the men at 4.

These are bright meetings with bright

music in a bright room and are for

bright young men. Come up.

The water in the swimming pool

is kept at a temperature of 78 de-

grees and is just right for a plunge.

Business men should use this pool a

great deal. A plunge in the water

is the only thing after a hard day at

the desk. The water is changed often.

It may be worth while to learn to

swim.

The west room has been repapered

and the floor has been painted a dark

brown. This is now one of the pret-

tiest rooms in the building and will

be the center of the social life dur-

ing the coming season.

The official board members are

working hard to get the association

on a good financial basis and need

the co-operation of every man, wo-

man and child in Jacksonville. The

institution is helping men and boys

to live a decent life and is worthy of

the support of all. It is the only

institution in town that extends a

welcome to young men 18 hours out

of every 24 and invites them to a

clean, pure life. The work is a

united effort on the part of all the

churches to reach the men. It is the

church at work every day, down town

and among men. Give us your help

and we'll show what we can do for

the young men.

The educational committee is ar-

ranging a course of lectures on com-

mercial law to be given by leading

attorneys, both of Jacksonville and

Springfield. Also a course of study

in the art of advertising.

DANGER IN FALL COLDS.

Fall colds are liable to hang on all

winter leaving the seeds of pneu-

monia, bronchitis or consumption.

Foley's Honey and Tar cures quick-

ly and prevents serious results. It is

old and reliable, tried and tested, safe

and sure. Contains no opiates and

will not constipate.—For sale by J.

A. Obermeyer, City Drug Store.

When I was first married I found that my strength and

health were gradually diminishing. I became nervous

and irritable and was in bed a week and sometimes ten

days every month, and had intense bearing down pains.

My husband had the best physician for me and I used

his medicine for nearly four months, but I gradually grew

worse, had less strength, and finally, I was unable to leave

my bed at all.

A friend who was calling on me brought me a bottle of

Wine of Cardui and was so loud in its praise that I told

her that I would take it to please her.

I was surprised and pleased that before I had used the bottle I really felt

better, so I kept on using it. Eight

bottles brought back my lost health

and strength, and I have not had a

DEATH RECORD

JOHNSON.

Mrs. Elizabeth Johnson, daughter of Benjamin and Margaret Pyatt and sister of Ben, John and Oliver Pyatt and Mrs. Emily O. Cassell (all deceased), was born in Pittsburg, Pa., and removed to Jacksonville with her parents while a young girl. She was married in this city to William Johnson, who lived here for a number of years. After the death of her husband she made her home with her sister, Mrs. L. E. Smith, and with her removed to Greensboro, N. C., some time ago. Mrs. Johnson is survived by her two daughters, Mrs. Smith and Mrs. Sylvanus Ayers of Decatur, who will accompany the remains to this city, where they will be taken to the home of her nephew, Lyman O. Cassell.

Arrangements for the funeral have not been made.

ANNOUNCEMENT.

I wish to announce to the public that I have firmly decided to quit the race horse business, and "John R. Tanner" and five of his progeny are for sale at Woodlawn Stock farm. And I also wish to announce that the match race between "Tanner" and "Vanderbilt" will not occur Oct. 12 as is advertised. Circumstances which are my private business have led me to make this decision.

THE ORATORICAL CONTEST

Let Westminster Church Be Crowded to Night.

Attention is again called to the oratorical contest to be held at the Westminster church at eight this evening. Contestants from Knox, Eureka, Monmouth, Wesleyan, Blackburn and our own Illinois college will appear and the event will be one of no ordinary significance. The Journal hopes that the church will be crowded and that the young men will receive such a welcome as has not often been accorded similar gatherings in many days. Illinois college means great things to Jacksonville and the people of the city cannot be too anxious to enhance its welfare by every possible means. The young men have devoted great efforts to the event and there is no doubt but that they will acquit themselves with credit, and all who attend may be certain that they will be well repaid for the expenditure of time and money.

The program for the evening will be as follows:

Music.
"The Prince of Duty"—Erle J. Hurie, Illinois college.
"A Moral Pioneer"—F. C. Howell, Knox college.
Music.
"The Unrealized Self"—Robert M. Kerr, Monmouth college.
"Stonewall Jackson"—Dwight S. Jeffers, Wesleyan university.
Music.
"The Awakening of the Orient"—Frank Edwin Wilson, Blackburn university.
"Stonewall Jackson"—Ira L. Parvin, Eureka college.

DENTAL SOCIETY HELD MEETING

Two Sessions at Dunlap Hotel —Paper by Dr. Smith of Chicago—Election of Officers

The Morgan County Dental society met at the Dunlap house Thursday, holding two interesting sessions and the election of officers. At the morning session a number of clinics were given, and at the afternoon several interesting papers were read.

Clinic and paper—Treatment of Pyorrhea—Dr. Smith, of Chicago.

Paper—Fatalities caused by alveolar abscess—Sent by Dr. O. V. Black, of Chicago.

Clinic—Dr. C. B. Powell.

Officers were elected as follows:

President—Dr. Sawyer.

Vice president—Dr. Fulton, of Virginia.

Secretary—Dr. Young.

Treasurer—Dr. Smith, of Virginia.

DAVIS-MASSEY.

A very pretty wedding was celebrated Thursday evening at the home of Rev. R. F. Thrupp, on West College avenue, when at 7 o'clock Miss Lillian D. Massey became the wife of William D. Davis.

The ceremony was impressively held by Rev. R. F. Thrupp in the presence of a few friends of the bride and groom.

The bridal couple were accompanied by Miss Lydia M. Summers and Harvey H. Self.

The bride was beautifully attired in a modish gown of golden brown silk.

At the conclusion of the ceremony the bridal party went at once to the home prepared by the groom at 709 South Church street.

A number of friends carried delicious refreshments, and had the house brilliantly illuminated and prepared for the good time all enjoyed until a late hour.

The bride is a daughter of Mrs. Janette Massey, and is very popular, numbering her friends by the score.

The groom is a son of Thomas Davis and is foreman of the La Crosse lumber yards. He is an estimable gentleman, and holds the confidence and respect of his employers. He has been connected with the yards for 15 years.
